

# JETINNO®

INSPIRE LIFE BETTER

Voice  
recognition

Facial recognition  
payment

Human body  
induction

# AI Artificial Intelligence

## Jetinno 14" fully automatic bean to cup espresso machine

# 1

## Artificial Intelligence Times

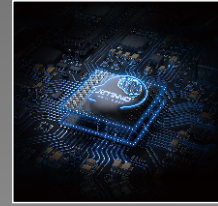

Interface comes with human body induction  
Voice recognition, simpler Interaction  
Facial recognition payment, safety and fast

# 2

## Core Technology

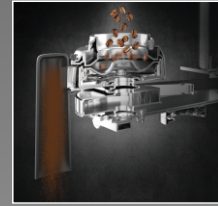

Not only Intelligent: J-Smart Intelligent processing unit  
Build for quality: J-Mod hardware module manage system  
One-stop solution: i-jetino internet & O2O platform

# 3

## Best Espresso Coffee

New upgrade bean grinder from Swiss Ditting  
■ Flat disc grinding ■ Fineness adjustable,  
Jetinno Patent high pressure espresso brewer, Four processes  
■ 3 seconds coffee pre-wetting ■ 9 bar stable pressure brewing  
■ 92°C precise temperature control ■ Pressure release and slag drainage system

# 4

## Automatic Intelligent Operation

Great coffee by one touch  
More flavors adjustable  
Coffee outlet height adjustable  
Effluent wastewater  
Mobile payment accepted  
Remote control platform system

# 5

## Custom Modularization

Custom modularization per requirement  
Modular design, free combination

## Table top bean to cup espresso coffee machine (JLTTN-14)

Dimension	730(H)*420(L)*450(D) mm
Weight	50Kg
Operating environment	220-240V AC, 50/60 Hz / 2700W, Max 10-15A
Location	Hotel, Bar, Restaurant, Cafeteria, Office, Club, VIP Lounge, etc
